

ACT score calculator: the enhanced ACT raw-to-scale tables (ACT's 2025-26 practice test)

Count only the SCORED questions right (the scoring key marks the field-test items Not Scored): English 40, Math 41, Reading 27, Science 34.

Composite = (English + Math + Reading) / 3, rounded, a half rounding up. Science is optional and gives a Science score and a STEM score (Math and Science averaged); it does not change the Composite. Every real form's table differs by a point here and there.

The class of 2025 (ACT)

Almost 1.4 million graduates tested (36% of the class; 81% through school-day testing). Averages: Composite 19.4, English 18.9, Math 18.4, Reading 20.0, Science 19.6. 30% met at least three College Readiness Benchmarks (English 18, Math 22, Reading 22, Science 23). State school-day testers averaged 17.8; students who chose to test, 23.0.

What changed in the enhanced ACT (online April 2025, paper September 2025)

What a good score is: 34-36 the top 1%; 30-33 the 94th to 98th rank, competitive at selective universities; 27-29 strong at state flagships; 24-26 above the middle at most public universities; 21-23 at or above the benchmarks; 19-20 the national average.
